

## COVID-19 – We're open!

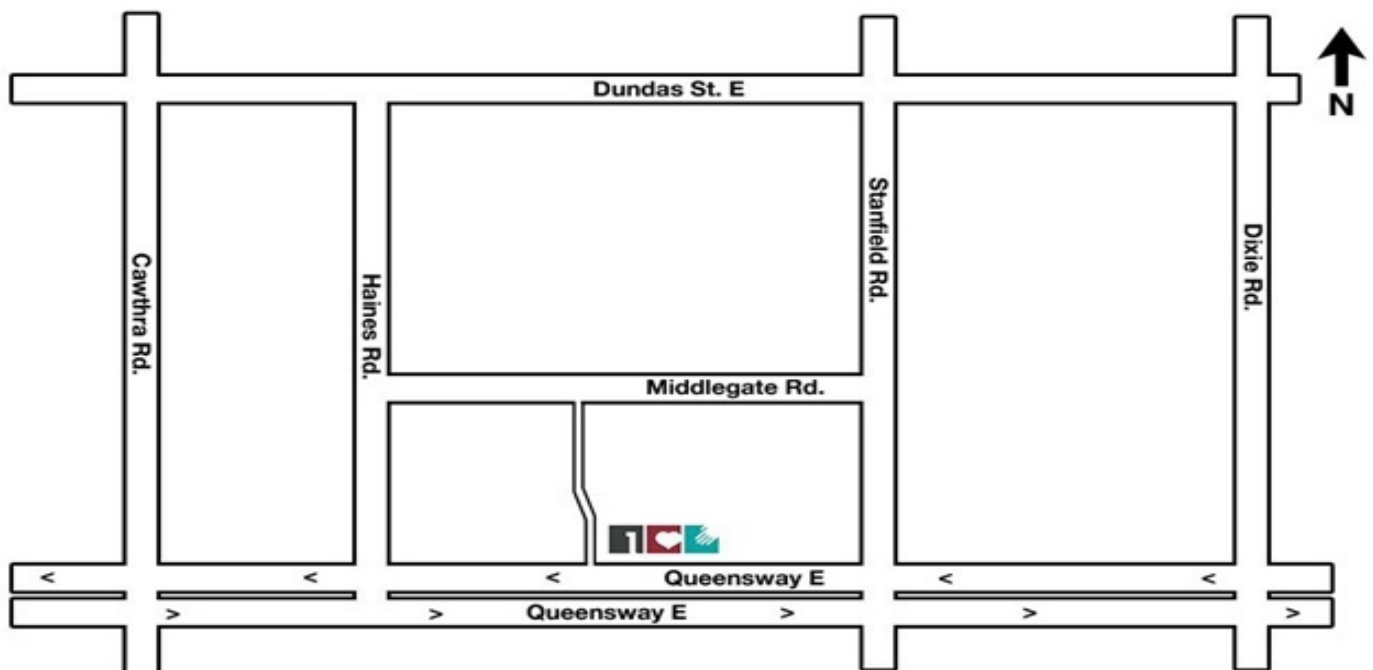

At One Heart Care, we have been proactive in our response to the COVID-19 pandemic. We adhere to all directives and guidelines issued by the authorities and by our own infectious disease consultant. Our top priority is the health and well-being of our patients and their families.

**Our dedicated team of physicians and other health care providers will continue to serve our community during the current lock down.**

Several measures have been added to ensure the safety of our patients and staff. They include:

- Screening for symptoms upon arrival to our clinic
- Mandatory masks
- Limiting the number of people in the clinic at any given time
- Personal Protective Equipment (PPE) for all staff performing test or interacting with patients.
- Physical distancing measures
- Cleaning & disinfecting policies
- Hand sanitizing dispensers available throughout the clinic

**We are doing everything we can to make sure your visit is as safe as possible. We continue to monitor the situation closely.**

**Entrance from the Queensway E. is for westbound traffic only. All others enter via Middlegate Rd. entrance.**

Parking is available behind the building for a \$6.00 flat fee

1000 Middlegate Road, Second Floor, Mississauga, Ontario, Canada
